

# YouWipe

YouWipe is Designed and Developed in Northern Europe and complies to the strict GDPR (General Data Protection Regulation) policies. It has a fresh approach, clean look and is the fastest performer on the market, saving up to 30% erasure time. All drives are supported, and simultaneously erased without size limitation, whether a laptop, server or Storage. An encrypted erasure and audit trail report is generated in PDF, verifying the erasure status and completion. All customers benefit a premium service plan with a personal support manager and a multilingual support staff.
