

YouWipe

Secure, Automated Data Erasure Platform

Any device • Any environment • Fully certified

youwipe.com

Problem / Need

Increasing Risk

Of data breaches from reused devices.

Strict Compliance

GDPR and audit requirements demand verifiable results.

Fragmented Processes

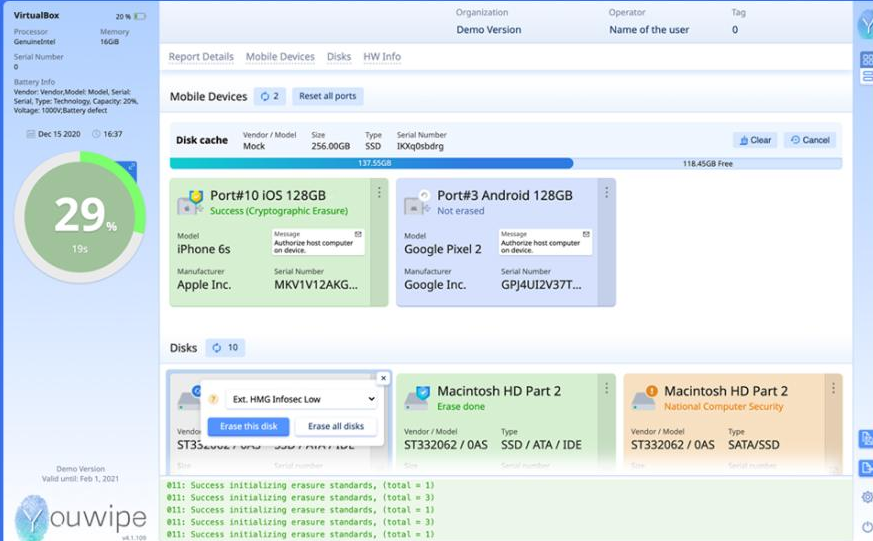

Manual erasure is slow, costly and prone to error.

Conclusion:

Secure erasure must be automated, scalable and verifiable

The Solution

Unified Platform

A fully automated secure data erasure platform that combines:

- ✓ Fully automated secure data erasure platform
- ✓ Combines erasure, diagnostics, reporting, and ESG tracking
- ✓ Unified lifecycle management in one system

Core Value

Fully Automated

Zero touch workflows
for big scale operations.

All-in-One

One platform for erasure,
reporting and asset
diagnostics.

Online/Offline

Works in any network
environment or air-gapped
facility.

Certified Secure

Forensic-level sanitization
that meets global
standards.

Device Coverage

Storage

SSD, HDD, NVMe, SAS, USB

Mobile

Iphone, Ipad, Android Devices

Computers

Surface, Chromebooks,
MacBooks (Intel + M1 - M4)

Deployment & Simplicity

Fast deployment: Up and running in minutes.

Remote PXE: Server installation included

Hybrid Support

No Hardware Keys: No HASP / dongle licensing required

Minimal infrastructure requirements

Automation & Workflow

Manual Process

20 Assets/Day

Legacy Software

~ 100 Assets/Day

YouWipe Automation

1000+ Assets/Day

Fully automated
erasure execution

High-volume
processing capability

Integrated diagnostics
and reporting

Instant certificate
generation

Risk & Reliability

100%
LICENSE COMPENSATION

Enterprise Safeguards

Built for zero-failure environments:

- ✓ Automated license compensation if erasure fails
- ✓ Built-in safeguards for enterprise operations
- ✓ Audit-ready compliance reporting
- ✓ Reduced operational and financial risk

Certifications & Trust

NATO certified

Common Criteria EAL3+ (Bureau Veritas / Netherlands authority – Amsterdam)

Trusted by UK, Finnish, Norwegian, Dutch governments

TÜV Saarland certified validation

Made in Finland

Multi-Account Management

- ✓ Create unlimited sub-accounts (customers, projects)
- ✓ Allocate licenses from main account to sub-accounts
- ✓ Central monitoring of all sub-accounts
- ✓ Unified reporting across all entities
- ✓ Unlimited user profiles
- ✓ Role-based access control

Remote Control & Operations

Remote erasure of all booted PCs

Full remote execution and monitoring

Central "Resources" library for ISO images

Custom field creation (ISO-based configuration)

Control entire global fleets from a single browser-based console.

Example of what a real report looks like

Operator:

Supervisor:

Customer Segments & Ecosystem

Public Sector

EU Institutions, Central Banks,
and Ministries.

ITAD Networks

Global IT Asset Disposal and
refurbishment leaders.

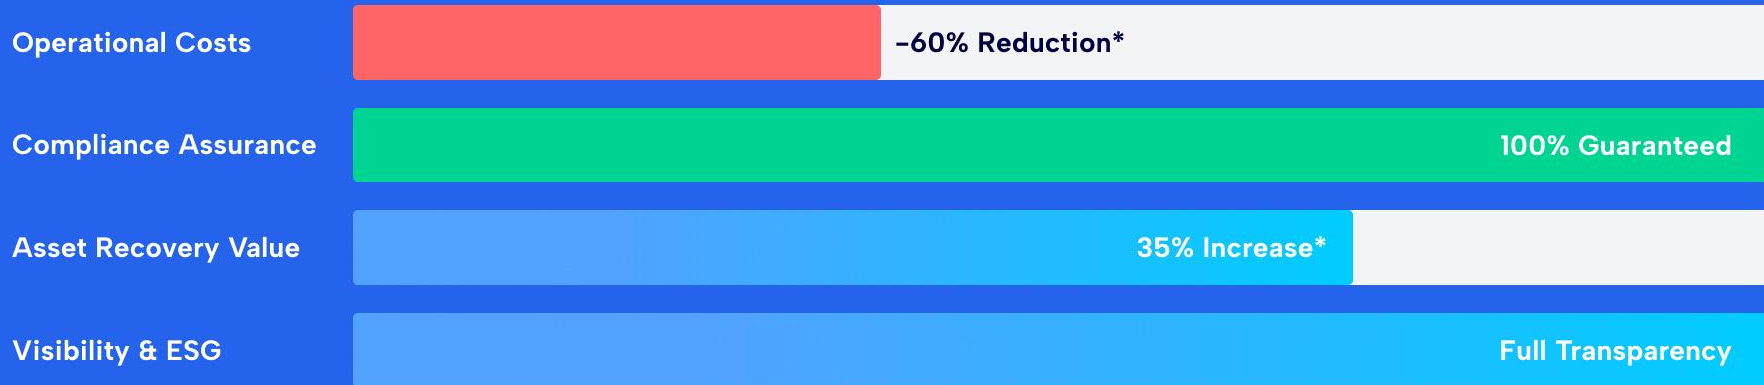

Enterprise

Global regulated organizations
and MSPs.

Positioning:

Built for high-security public sector and global partner ecosystems.

Customer Value

Note: The values shown for Operational Costs and Asset Recovery Value are illustrative estimates provided for visualization purposes only. Actual cost reductions and asset recovery outcomes will vary significantly depending on project scope, asset condition, market factors, operational practices and other variables. They should not be interpreted as guaranteed or expected results.

YouWipe is the one unified platform that replaces multiple fragmented tools and systems. Designed for enterprise, ITAD and government scale. Fully automated, certified and globally deployable.

The Global Standard for Secure Data Sanitization

YouWipe

**Secure data erasure across any device,
any environment**

Fully automated • Fully certified • Fully scalable
